GRAND BALL.-We understand the exhibition of the Mechanics' Institute will wind up with a magnificent ball, for which preparations have been made upon an extensive scale. Tickets may be procured at the exhibition room this evening.

There was a very large crowd out last night to see the celebrated Siamese Twins, on exhibition in the large hall over Beech's store. They may be seen this afternoon and to-night.

The ladies should bear in mind that to-day will be opened at the New York Millinery Establishment on Union street, the richest display of millinery goods ever offered to the ladies of Nashville. There are some bonnets on exhibition which are really superb, and cannot be surpassed in this market. The ladies should be sure to call.
